

2710E Series

Fuel Gas Coalescer Filter Element

Element Information

2710E 1 V

Media

Multiple layers of synthetic materials and microglass

Support Layer

Stainless steel wire mesh for mechanical integrity

Efficiency

Solid Removal Rating: 0.3μ @ 99.75%

Liquid Removal Rating: 0.3μ @ 99.9%
0.010 ppmw

End Cap Configuration

Double Open Ended

Dimensions & Weight

	ID	OD	Length	Weight
1 =	11"	16"	24-5/8"	62 lbs.
2 =	4"	9"	20"	14 lbs.
3 =	11"	15-3/4"	24-3/8"	51 lbs.

Gasket Material

V = Viton (Flat)

VO = Viton (O-ring)

Consult Factory

Construction

End Caps: Stainless Steel

Cores: Heavy gage stainless steel perforated sheet

Recommended Operating Conditions

Change out Differential Pressure: 15 PSID

Continuous Maximum Temp.: 400° F

Intermittent Maximum Temp.: 450° F
